**Re:** 2018 Guideline Amendment Priorities

Dear Members of the U.S. Sentencing Commission,

We at ES Fitness, LLC write to strongly urge the Commission to consider the policy proposal titled 'Sentencing Modification For Offenders Serving Non-Statutory Terms Of Life Imprisonment Imposed Under The Mandatory United States Sentencing Guidelines' and make this policy proposal a priority during the Commission's 2018 Amendment cycle.

ES Fitness, LLC supports this proposal as it is another step towards responsible reform of the criminal justice system.

Thank you for your consideration of these comments.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ernest Smith', is written over a faint, illegible typed name.
