¹Of the 72,585 cases, 85 were otherwise sentenced above the guideline range. Of these, 77 had complete guideline application information. Due to an inablility to calculate the extent of departure for cases with a sentence of life, an additional zero cases were also excluded from this table. Furthermore, 24 cases were excluded due to several logical criteria. Of the remaining 53 cases, zero were excluded due to one or both of the following reasons: missing primary offense category (0) or missing sentence information (0). Note that the information presented in this table does not include any time of alternative confinement as defined in USSG §5C1.1. Descriptions of variables used in this table are provided in Appendix A.
