¹ The information in this tables depicts information collected from only those cases in which complete guideline information is available. Of the 69,425 cases received by the Commission, 127 were excluded as the defendant was only convicted of 18 U.S.C. § 1028A and another 354 were excluded as the defendant was only convicted of 18 U.S.C. § 924(c). By statute, the punishment for these crimes must be served consecutively to any other punishment, therefore, in these cases the conviction for this crime did not affect the offender for the underlying offense. Of the remaining 68,944 cases, 64,216 contained complete guideline information (92.5 percent of all cases). An additional 25 cases had missing information on the guideline that controlled the offender.

² Fiscal Year 2018 data represents guideline application from guidelines effective November 1, 2016 unless otherwise specified.

³ This column represents the number of times each guideline or Specific Offense Characteristic (SOC) was applied.

⁴ The “Percent” column represents, for each guideline, the portion of all guideline calculations in which the specific guideline was involved. For each SOC, the percent represents the frequency with which the SOC was used in the calculations for the specific guideline.

⁵ This base offense level is not available under the guidelines, but court documentation reflected the court’s findings that this was the proper level for this offense.
