Subject: Sentencing Commission

Dear Sir/Madam,

I am forwarding you this email in regards about the U.S Sentencing Commission considering amendments to the definition of violent crime. Furthermore, I strongly oppose any changes in the definition of violent crime. There are more than enough safeguards in the Judicial system for persons charged with committing a crime of violence. Criminals know how to play the court system enough, don't make it easier for them

Respectfully,
Sheriff Ronnie Howard
