¹Of the 55,557 cases, the Commission received complete guideline application information for 48,222 cases. Of these, 226 were excluded due to one of the following reasons: missing zone (27), missing sentencing information (120), or cases in which offender received no imprisonment or probation (79). The zones indicated above correspond to the offense levels and criminal history categories established by the court and do not indicate the impact of mandatory minimums or statutory maximums constricting the sentence. Descriptions of variables used in this table are provided in Appendix A.

²Prison/Community Split sentence includes all cases in which offenders received prison and conditions of confinement as defined in USSG §5C1.1.
