¹Of the 76,478 cases, 835 were otherwise sentenced below the guideline range. Of these, 740 had complete guideline application information. Due to an inability to calculate the extent of departure for cases with a guideline minimum of life, an additional six cases were also excluded from this table. Furthermore, one case was excluded due to several logical criteria. Note that the information presented in this table does include sentences of probation, but does not include any time of alternative confinement as described in USSG §5C1.1. Descriptions of variables used in this table are provided in Appendix A.
