¹ Of the 86,201 cases, the Commission received complete guideline application information for 76,216 cases. Of these, 25 cases were excluded from the calculations due to missing Chapter Three adjustment information on vulnerable victim, official victim, restraint of victim, terrorism, aggravating role, mitigating role, abuse of position, use of minor, use of body armor, obstruction of justice, reckless endangerment, commission of offense while on release, and false registration of domain name. Descriptions of each guideline adjustment can be found in USSG Chapter Three.

² When an offender uses computer encryption during the commission of an offense or to avoid detection, it may result in the application of the Obstruction of Justice adjustment. This year, one case involved encryption or scrambling technology and did not receive an enhancement under §3C1.1.
