¹ Of the 80,035 cases, 500 were otherwise sentenced below the guideline range. Of these, 454 cases had complete guideline application information. Due to an inability to calculate the extent of departure for cases with a guideline minimum of life, an additional six cases were also excluded from this table. Of the remaining 448 cases, one was excluded due to missing sentence information. Note that the information presented in this table does include sentences of probation, but does not include any time of alternative confinement as described in USSG §5C1.1. Descriptions of variables used in this table are provided in Appendix A.
