¹ Of the 71,003 cases, 349 received an upward departure from the guideline range. Of these, 324 cases had complete guideline application information. Due to an inability to calculate the extent of departure for cases with a sentence of life, one additional case was also excluded from this table. Furthermore, four cases were excluded due to several logical criteria. Note that the information presented in this table does not include any time of alternative confinement as described in USSG §5C1.1. Descriptions of variables used in this table are provided in Appendix A.
