<sup>1</sup> Table 42A replaces Table 42 beginning in the *Fiscal Year 2015 Sourcebook of Federal Sentencing Statistics*.

<sup>2</sup> Of the 71,003 cases, 19,773 were sentenced under §2D1.1 (Drug Trafficking). Of these, 19,184 cases had complete guideline application information. Of the remaining cases, two were excluded due to logical criteria. Descriptions of variables used in this table are provided in Appendix A.

<sup>3</sup> Base Offense Level is that applied at time of sentencing and reflects application of the mitigating role cap on base offense level as described in §2D1.1(a)(5).

<sup>4</sup> The quantity of drugs determining the base offense level applied is described in the Drug Quantity Table at §2D1.1(c) and varies by drug type and the year of the *Guidelines Manual* applied at the time of sentencing.
