¹ Of the 67,742 cases, 391 were otherwise sentenced below the guideline range. Of these, 343 cases had complete guideline application information. Due to an inability to calculate the extent of departure for cases with a guideline minimum of life, an additional three cases were also excluded from this table. Note that the information presented in this table does include sentences of probation, but does not include any time of alternative confinement as described in USSG §5C1.1. Descriptions of variables used in this table are provided in Appendix A.
