¹ Of the 67,742 cases, 317 received an upward departure from the guideline range. Of these, 297 cases had complete guideline application information. Due to an inability to calculate the extent of departure for cases with a sentence of life, one additional case was also excluded from this table. Furthermore, two cases were excluded due to several logical criteria. Note that the information presented in this table does not include any time of alternative confinement as described in USSG §5C1.1. Descriptions of variables used in this table are provided in Appendix A.
