¹ Of the 66,662 cases, the court sentenced the individual to pay a fine or make restitution in 12,716 cases. The total number of cases used to calculate the amounts of payment ordered (11,457) is less than the total number of cases receiving fines and/or restitution (12,716) due to the exclusion of cases for which a fine and/or restitution was ordered, but the amount was not specified. Fine information includes either fines and/or the cost of supervision. Descriptions of variables used in this table are provided in Appendix A.

² In cases of joint and several restitution, the full amount of restitution is attributed to each sentenced individual, which may result in overinflation of the mean and total amount of restitution reported for all individuals.
