

**U.S. Sentencing Commission  
Compassionate Release  
Data Report**

**Calendar Years 2020 to 2021**

**September 2021**

## Introduction

As part of its ongoing mission, the United States Sentencing Commission provides Congress, the judiciary, the executive branch, and the general public with data extracted from and based on sentencing documents submitted by courts to the Commission.<sup>1</sup> Data is reported on an annual basis in the Commission's *Annual Report* and *Sourcebook of Federal Sentencing Statistics*.<sup>2</sup>

The Commission also reports preliminary data for an ongoing fiscal year in order to provide real-time analysis of sentencing practices in the federal courts. Since 2005, the Commission has published a series of quarterly reports that are similar in format and methodology to tables and figures produced in the *Sourcebook of Federal Sentencing Statistics*. The quarterly reports contain cumulative data for the ongoing fiscal year (*i.e.*, data from the start of the fiscal year through the most current quarter). From time to time the Commission also reports data regarding other sentencing trends, such as resentencings or other modifications of sentences previously imposed.

Section 3582(c)(1)(A) of title 18, United States Code, provides courts with the authority to reduce a term of imprisonment after it has been imposed in specific circumstances. One of the circumstances provided in the statute is that “extraordinary and compelling reasons” warrant such a reduction. Motions asserting that reason are commonly referred to as “compassionate release” motions. When considering any motion under section 3582(c)(1)(A), courts are also required to consider the factors set forth in section 3553(a) of title 18 and to find that any reduction “is consistent with applicable policy statements issued by the Sentencing Commission.”<sup>3</sup>

Before December 2018, courts were authorized to consider motions under section 3582(c)(1)(A) only if they were filed by the Director of the Bureau of Prisons. In December 2018, Congress amended that portion of section 3582 to authorize courts to also consider motions filed by offenders, in certain circumstances.<sup>4</sup>

---

<sup>1</sup> In each federal felony or Class A misdemeanor case, sentencing courts are required to submit the following documents to the Commission: the Judgment and Commitment Order, the Statement of Reasons, the plea agreement (if applicable), the indictment or other charging document, and the Presentence Report. *See* 28 U.S.C. § 994(w).

<sup>2</sup> Electronic copies of the 1995-2020 ANNUAL REPORT and SOURCEBOOK OF FEDERAL SENTENCING STATISTICS are available at the Commission's website at [www.ussc.gov](http://www.ussc.gov).

<sup>3</sup> U.S. SENTENCING COMM'N, Guidelines Manual §1B1.13 (Nov. 2018) [hereinafter USSG].

<sup>4</sup> The First Step Act of 2018 (Pub. L. No. 115-391 (2018)) went into effect on December 21, 2018. Section 603 of the Act amended section 3582(c)(1)(A) of title 18 to authorize “defendants” (*i.e.*, offenders) to file a motion for compassionate release “after the defendant has fully exhausted all administrative rights to appeal a failure of the Bureau of Prisons to bring a motion on the defendant's behalf or the lapse of 30 days from the receipt of such a request by the warden of the defendant's facility, whichever is earlier.”

With the advent of the COVID-19 pandemic,<sup>5</sup> the courts received thousands of compassionate release motions, most filed by offenders. This report provides an analysis of the compassionate release motions filed with the courts during the COVID-19 pandemic. The data in this report reflects compassionate release motions decided by the courts during calendar years 2020 and 2021 (January 1, 2020 - June 30, 2021). Prior to October 1, 2020, courts submitted to the Commission documentation regarding motions for all compassionate release that were granted, but not for all compassionate release motions that were denied. For the time period of January 1, 2020 to September 30, 2020, the Commission obtained documentation for compassionate release motions that were denied, where available, by searching court records using the PACER system. Beginning October 1, 2020, courts began submitting to the Commission documentation for all compassionate release motions, regardless of whether they were granted or denied. The data in this report is limited to motions for which the Commission received or obtained court documentation and completed its analysis by August 31, 2021.

---

<sup>5</sup> The World Health Organization declared the coronavirus (COVID-19) outbreak a global pandemic on March 11, 2020. President Trump declared a national emergency concerning the coronavirus (COVID-19) on March 13, 2020.
