<sup>1</sup> The information in this tables depicts information collected from only those cases in which complete guideline information is available. Of the 70,258 cases in which the Commission received, 58,463 contained complete guideline information (83.2 percent). It is possible for multiple guideline calculations for each case, and this table represents each guideline calculation for cases in which complete information was received.

<sup>2</sup> Fiscal Year 2003 data represents guideline application from guidelines effective November 1, 2002 unless otherwise specified.

<sup>3</sup> This column represents the number of times each guideline or Specific Offense Characteristic is applied.

<sup>4</sup> The “Percent” column represents, for each guideline, the percent of all guideline calculations in which the specific guideline was involved. For each Specific Offense Characteristic (SOC), the percent represents the percentage that the specific (SOC) was used in the calculations for the specific guideline.
