¹ The information in this tables depicts information collected from only those cases in which complete guideline information is available. Of the 71,003 cases received by the Commission, 63,460 contained complete guideline information (89.4 percent). It is possible to have multiple guideline calculations for each case, and this table represents each guideline calculation for cases in which complete information was received.

² Fiscal Year 2015 data represents guideline application from guidelines effective November 1, 2014 unless otherwise specified.

³ This column represents the number of times each guideline or Specific Offense Characteristic (SOC) was applied.

⁴ The "Percent" column represents, for each guideline, the portion of all guideline calculations in which the specific guideline was involved. For each SOC, the percent represents the frequency with which the SOC was used in the calculations for the specific guideline.

⁵ This base offense level is not available under the guidelines, but court documentation reflected the court's findings that this was the proper level for this offense.
