¹ SOURCE: U. S. Sentencing Commission 2012 Datafile, USSCFY2012. Of the 84,173 cases, 9,678 were excluded due to incomplete guideline application information. Of the 74,495 remaining cases, 65,985 were excluded that were not sentenced under §2B1.1. Of the remaining 8,510 cases sentenced under §2B1.1, three were excluded that were sentenced using a *Guidelines Manual* in effect prior to November 1, 2001 or for other logical criteria. A total of 1,710 cases were excluded from the calculation of the mean and median sentence due to missing information on exact loss amount.

² The mean is the average. The median is the midpoint; half of the values are less than the median loss amount and the remaining half of the values are greater than the median loss amount.
