U.S. Sentencing Commission Part B of the 2023 Criminal History Amendment Retroactivity Data Report

February 2025

Introduction

As part of its ongoing mission, the United States Sentencing Commission provides Congress, the judiciary, the executive branch, and the general public with data extracted from and based on sentencing documents submitted by courts to the Commission.¹ Data is reported on an annual basis in the Commission's *Annual Report* and *Sourcebook of Federal Sentencing Statistics*.²

The Commission also reports preliminary data for an on-going fiscal year in order to provide real-time analysis of sentencing practices in the federal courts. Since 2005, the Commission has published a series of quarterly reports that are similar in format and methodology to tables and figures produced in the *Sourcebook of Federal Sentencing Statistics*. The quarterly reports contain cumulative data for the on-going fiscal year (i.e., data from the start of the fiscal year through the most current quarter).

On three separate occasions in recent years the Commission has amended the federal sentencing guidelines to lower the punishment for certain drug trafficking crimes, and also voted to apply those reductions retroactively.³ The Commission has also periodically reported on the number of individuals who received a sentence reduction under those retroactive amendments and presented other data regarding those cases.⁴

On April 27, 2023, the United States Sentencing Commission submitted to Congress Amendment 821 to the federal sentencing guidelines revising two criminal history provisions found in Chapter Four of the *Guidelines Manual*. Part A of the amendment made targeted changes to reduce the impact of providing additional criminal history points for individuals under a criminal justice sentence (commonly known as "status points"). Part B provided a twolevel downward adjustment for certain sentenced individuals with zero criminal history points under the guidelines.

Amendment 821 went into effect on November 1, 2023. On August 24, 2023, the Commission voted to give retroactive effect to Amendment 821 beginning on February 1, 2024. To effectuate that decision, the Commission promulgated Amendment 825, which added Amendment 821 to the list of amendments in §1B1.10 (Reduction in Term of Imprisonment as a Result of an Amended Guideline Range)(Policy Statement) that apply retroactively and added a

¹ In each federal felony or Class A misdemeanor case, sentencing courts are required to submit the following documents to the Commission: the Judgment and Commitment Order, the Statement of Reasons, the plea agreement (if applicable), the indictment or other charging document, and the Presentence Report. *See* 28 U.S.C. § 994(w).

² Electronic copies of the 1995-2023 ANNUAL REPORT and SOURCEBOOK OF FEDERAL SENTENCING STATISTICS are available at the Commission's website at <u>www.ussc.gov</u>.

³ See Amendment 706, as amended by Amendment 711, and made retroactive by Amendment 713 (the 2007 Crack Cocaine Amendment); Amendment 750, made retroactive by Amendment 759 (the 2010 Fair Sentencing Act Amendment); and Amendment 782 (the 2014 Drug Guidelines Amendment, often referred to as "Drugs Minus Two"), made retroactive by Amendment 788.

⁴ These retroactivity analyses and data reports are available at <u>https://www.ussc.gov/research/data-reports/retroactivity-analyses-and-data-reports.</u>

new provision at subsection (e)(2) of that policy statement providing, "The court shall not order a reduced term of imprisonment based on Part A or Part B, Subpart 1 of Amendment 821 unless the effective date of the court's order is February 1, 2024, or later.".

Under section 3582(c)(2) of title 18, courts are authorized to reduce the sentences of incarcerated persons pursuant to any retroactive guideline amendment. The data in this report represents information concerning motions for a reduced sentence pursuant to the retroactive application of Part B of Amendment 821 decided through December 31, 2024 and for which court documentation was received, coded, and edited at the Commission by January 28, 2025.

ORIGIN OF GRANTED MOTIONS FOR RETROACTIVE APPLICATION OF PART B OF THE 2023 CRIMINAL HISTORY AMENDMENT¹

¹ Of the 3,654 cases in which the court granted a motion for a sentence reduction due to the retroactive application of Part B of the 2023 Criminal History Amendment, eight cases were excluded from this analysis because the information received by the Commission prevented a determination of motion origin.

 2 In 11 cases, documents provided to the Commission indicated that an attorney for the government made a joint motion. Those cases appear to be clerical errors.

Table 8 (cont.)

¹ Of the 3,654 cases in which the court granted a motion for a sentence reduction due to the retroactive application of Part B of the 2023 Criminal History Amendment, 214 cases were excluded because the court document provided that the new sentence was a "time served" sentence without specifying the length of time that had been served.

 2 The average sentence lengths and the average decrease in months from the current sentence are rounded to the nearest whole number. Consequently, the average decrease in months from the current sentence may not equal the difference between the rounded average current sentence and the rounded average new sentence.

¹ Courts may cite multiple reasons for denying a motion; consequently, the total number of reasons cited generally exceeds the total number of cases. In this table, 8,664 reasons were cited in the 7,330 cases in which the court denied a motion for a sentence reduction due to the retroactive application of Part B of the 2023 Criminal History Amendment.
